SLAUGHTER GOES ON

Reign of Terror Kept Up by the Spaniards in Cuba.

DAILY GRIST OF EXECUTIONS.

They Take Place in the Presence of Women and Children—A Spanish Captain's Head Cut Off—Small Boys Banished Off the Island—Smallpox Aiding the Insurgents' Cause—Other Cuban War News.

KEY WEST, Sept. 25.—Advices from Havana state that Monday 87 volunteers and regulars started from Havana for Calabazar, about eight miles from Havana. Tuesday five of the 87 returned and reported the killing of the others. Shortly before reaching Calabazar they were surprised by patriots, who fired on them from all sides and then charged with machetes. The captain of the Spaniards was killed, his head having been cut off.

Passengers on the Mascotte report a terrible state of affairs on the island. The newly appointed captain of police is causing a reign of terror. Prisoners are nightly taken out and slaughtered. Wednesday morning at 7 o'clock five prisoners were executed, two garroted and three shot. About 2,000 people, men and women, witnessed the executions. They were mostly Spanish officers and their wives.

Two small boys were recently arrested in Havana for having dynamite in their possession and sentenced to 20 years' imprisonment. Tuesday their sentences were revoked and they will be ordered to leave the island.

HAVANA DISPATCHES.

Patriot Leader Ramirez Is Reported to Have Surrendered.

HAVANA, Sept. 25.—A detachment of local military Wednesday laid an ambush in the outskirts of the city and killed three men who were attempting to leave the country.

It is announced that the patriot leader Ramirez, with eight of his followers, has surrendered at Corvantes, in the Matanzas province.

The steamer Puerto Rico, arriving from Spain, has four soldiers on board who are sick with smallpox.

Damnable to Be Released on Bond.

BRUNSWICK, Ga., Sept. 25.—The tug Dauntless, recently libeled for alleged violation of the navigation laws, will be released on bond. A. H. Lane, of Brunswick, has just received his appointment by United States District Judge Spear as special master to pass on the bond.

GENERAL E. G. BLUNT DEAD.

He Was a Friend and Adviser of John Brown in Kansas.

CHICAGO, Sept. 25.—Elbridge G. Blunt, who was intimately associated with John Brown in conducting the underground railway in Kansas and who was also an active scout in the civil war, is dead. He was one of the early settlers of Kansas, having gone there in the spring of 1855. Mr. Blunt may be said to have been a director in the famous underground railway in Kansas. John Brown was frequently at the house of Mr. Blunt, and the two combined their efforts in behalf of the slaves, many of whom were helped to liberty and safety through their kind offices. Through many a long night Mr. Blunt watched at some humble cabin in which fugitives from the south were concealed.

With his brother, General James G. Blunt, he was active in the civil war. He served as a scout under his brother. His minute knowledge of the country and treachery of the men whom he was opposing made his services especially valuable. At the opening of the war General Blunt had raised a regiment and made the fight for the Union. In the brigade were two regiments made up mostly of Indians. It was General Blunt who met the invasion of General Pierce and drove him out of Kansas. He then joined his forces with those of General Daniel E. Sickles, and the two fought the memorable battle of Pea Ridge. Since 1868 Mr. Blunt has resided in Chicago.

PROTECTION ASKED FOR AMERICANS.

A Massacre of All Foreigners Threatened at Kien-Ning-Fu, China.

VANCOUVER, B. C., Sept. 25.—The steamship Empress of India arrived yesterday from the Orient, bearing the intelligence that the city of Kien-Ning-Fu has been placarded since Aug. 24 to the effect that foreign properties will be burned down, and all foreigners found therein massacred.

Dr. Rigg is the only foreigner there, and Archdeacon Wolfe, upon receipt of this intelligence, took immediate action to get the Chinese officials in that city to protect Dr. Rigg and his mission party.

It is rumored that Li Hung Chang on his return to China will be reinstated in all his former positions, including that of Viceroy of Chihli, and that Viceroy Wang, the present holder of the post, is rapidly losing credit in Peking.

It is known that Li has the support of the powerful empress dowager. The return of Li Hung Chang to Old Yamen, at Tien-Tsin, where he has ruled for 20 years, may not be long delayed after he has gone to Peking for an imperial audience to report upon what he has done and seen in Europe and America.

LONDON, Sept. 25.—Bessie Bellwood, the well known music hall singer, is dead. Her death was due to syncope.

ONLY AS IT SHOULD BE.

New Inventions of the Army and Navy to Be Kept From Prying Eyes.

WASHINGTON, Sept. 25.—A good deal of quiet talk has been occasioned about the army and navy headquarters because the United States has finally decided that military and naval officers, attaches to the legation here, shall not be permitted to see every new thing the genius and skill of our own officers have evolved, which foreign nations might want, unless the business can be made reciprocal, and the American officers at Paris, Berlin and London be allowed to exploit similar secrets of the engineer and ordnance bureaus of these countries.

An American naval officer was not permitted to be present at the late naval maneuvers of Germany a fortnight ago. It came to the knowledge of Prince Henry, Emperor William's brother, that an invitation had been issued. He at once directed to countermand it, giving as a reason that certain naval experiments and tests were to be made that no foreigner must be permitted to witness, and the American did not witness them.

Heretofore our experiments at Indian Head, where our heavy guns are tested, have been witnessed by representatives of foreign governments.

It has come to the knowledge of the navy department that an important secret discovery relating to the torpedo destroyers was in possession of one of the great continental powers.

This same power when asked to permit the officer representing one of our services at this court to be present at an important experiment with high explosives flatly and rather discourteously refused. This matter came to the president's notice. He at once directed that nations should not receive American courtesies that would not extend them, and to this rule there must be no exceptions.

Even Russia, with whom we are upon the most friendly relations, can not be permitted to know what our experts have discovered relative to the power, use and capacity of certain explosives, in some instances discovered and perfected by American experts alone.

FIXING THE RESPONSIBILITY.

Mine Inspectors' Report on the Twin Shaft Mine Cave-In Disaster.

HARRISBURG, Sept. 25.—The commission of mine inspectors appointed by Governor Hastings to determine the cause of the Twin Shaft mine cave-in near Pittston, whereby 48 miners were entombed, made its report yesterday. The inspectors conclude that Superintendent Langan, who was among those lost, erred in going so far into the mine, knowing there was a "squeeze."

The original cause of the "squeeze," the commission believes, was due to a "mud crack," together with irregularity in the chambers of veins No. 5 and 6. It was also found that naps lumped at the time of the accident, and from this and the character of the "squeeze," it is presumed an explosion occurred. The report is signed by all the inspectors and recommendations accompany it to guard against similar accidents in the future.

IS IT THE NARONIC?

The Hull of a Wrecked Steamer Seen at Sea by the Storm King.

NEW YORK, Sept. 25.—Steamship men are puzzling their brains in an endeavor to establish the identity of a hull which the English steamer Storm King sighted at sea bottom up apparently of a steamer about 4,000 tons.

The only vessel of that immense size that has been lost in the North Atlantic within the last four years was the Naronic of the White Star Line freight service, which left Liverpool, Feb. 11, 1893, and was never afterward heard from, except through a lifeboat that was picked up and taken to Brazil. There is no positive information that the hull seen by the Storm King is that of the Naronic, but some shipping men are inclined to think it is that of the missing craft.

Yale Student Suicides.

NEW YORK, Sept. 25.—Eugene C. Gregory, a Yale student, was found dead yesterday at his family's residence, having committed suicide by inhaling illuminating gas. The young man had left the summer residence of the family at Irvington-on-the-Hudson last Monday to come to this city. Failing to return, his father came here yesterday in search of him. He went to the family residence and there found his son dead. The house was filled with gas and attached to the fixture in the bathroom was a piece of tubing, one end of which he held between his teeth. He is supposed to have been dead since Monday. Young Gregory was to have returned to Yale yesterday.

Two Negroes Shot and One Lynched.

NEW ORLEANS, Sept. 25.—As the result yesterday morning of slapping a white child's face at Gretna, across the river from this city, two negroes were shot and one lynched. The negro who struck the child was in a crowd of his color, when officers appeared to arrest him. The officer fired and killed two innocent colored men and arrested the negro, who was jailed. A mob soon formed and took him out and hanged him.

LINCOLN, Ills., Sept. 25.—Fred Boyden, a member of the commission firm of Darlington, Quick & Boyden, Chicago, committed suicide yesterday. He came here several days ago, worried and fretted over his wife's illness and financial affairs. On his way to an early morning train, intending to return to Chicago, he shot himself on the porch of his brother's residence.

MILE PACED IN 2:00 1-2

World's Record Beaten by the Famous John R. Gentry.

THE FASTEST TIME IN HARNESS.

Wind Blowing Up the Stretch or Two Minutes Might Have Been Recorded—An Unexpected Event at Rigby Park, Portland, Me.—Two Other Attempts Made to Break Records.

PORTLAND, Me., Sept. 25.—John R. Gentry yesterday, at Rigby park, paced the fastest mile ever made in harness, and placed the world's record at 2:00 1-2. The day was cold, and light northwesterly wind was blowing up the stretch, when John R. Gentry, with W. S. Andrews upon the sulky, came out to go against his record of 2:01 1-2, made on Sept. 8, this year, at Glens Falls, N. Y., in the second heat of a race with Pointer.

Gentry had been given two warning up miles during the afternoon, when he came out for the third the sun was rapidly sinking. The famous pacer scored once or twice with the runner who was to pace him, and then went up the stretch on what was to be the fastest mile ever done by a horse in harness. There was not a big crowd present, but what there was of them gave the pacer a great ovation as he came down toward the wire for the word "go," shouted by Starter Culbertson, and hundreds of watches caught the pacer at his start.

The runner was at the pacer's throat latch as they made the first turn on the stretch. Gentry went steadily and with apparent ease, the runner having hard work keeping his position. The judges caught the quarter mile at 29 1-4 seconds and the second quarter was made in 30 1-4 seconds, making the half mile in 59 1-2. The runner, by the use of the whip, was keeping up at Gentry's wheel, but was making hard work of it. The third quarter was made in 30 3-4 seconds, making the three-quarters in 1:30 1-4.

As they turned into the home stretch and caught the wind in the teeth, the crowd began to yell wildly and both Andrews and the driver commenced to ring encouragement to their horses and to use the whip a little. With the shouting of the crowd, which was now cheering like mad, the pacer started for the wire and considering that he had the wind in his teeth, made the most remarkable quarter of the heat, in 30 1-4, making the mile in two minutes and one-half second, just one second less than the former best record, first made by Robert J. at Terre Haute, in 1895, and equalled this year by John R. Gentry.

When Starter Culbertson announced the time, the crowd broke through the fence and crowded out on the track and around the pacer, cheering wildly. It is believed that had Gentry not had to contend with the wind he would have made the mile in two minutes easily.

During the afternoon Fantasy went against her record of 2:06, but only made 2:07 3-4.

After Gentry's great mile, Robert J. came out to beat his record of 2:01 1-2, but only succeeded in making the mile in 2:03 1-2.

THIRTY WARRANTS FOR MURDER.

The Situation at Leadville Is Still One of Alarm.

LEADVILLE, Colo., Sept. 25.—Thirty warrants have been issued by the district court for officers and members of the executive committee of the miners' union, all charged with the murder of Fireman Jerry O'Keefe. Fifteen of these have been served and the men named in them are in the county jail.

Secretary DeWar and the other officers of the union who are in custody, declared that the outbreak of violence Monday morning was contrary to the policy of the union and is greatly deplored by them. The arrests have caused consternation among the strikers and it is believed have greatly weakened their cause.

Edward Boyce of Boise, Ida., president of the Western Federation of Miners, was placed in jail by the city marshal, the sheriff stating that he was there for safekeeping, no charge having been made against him as yet.

The order declaring that the city should become subject to martial law at 3 o'clock yesterday afternoon was suspended until 6 o'clock. Before the latter hour arrived the order was indefinitely suspended.

Excitement is again at fever heat, owing to the flood of alarming rumors and the failure to declare martial law.

A Big Reward About to Be Paid For Total Abstinence.

SAN FRANCISCO, Sept. 25.—Suit has been brought by C. F. Crocker and W. H. Crocker to terminate a trust under the will of the late Charles R. Crocker, by which they were custodians of 499 one-thousand dollar bonds on behalf of George Crocker.

The terms of the trust were that if for the 15 years immediately succeeding the testator's death, George Crocker should for five years abstain from the use of intoxicating liquor, the bonds shall be turned over to him. Otherwise at the end of 15 years they are to go to the other heirs—the children of C. F. Crocker and W. H. Crocker and Mrs. Alexander.

The plaintiff avers that from Sept. 22, 1891, to Sept. 22, 1896, George Crocker has abstained. They desire, therefore, to turn over the money to him and terminate their trust, and sue the other heirs to give them an opportunity to establish in court any objection they may have to such a course.

WILL WOOD NOT WANTED.

Refused Admittance Into Two Indianapolis Medical Colleges.

INDIANAPOLIS, Sept. 25.—Will Wood, who was concerned in the Pearl Bryan case, and whose life in Greenacres has been anything but happy since his connection with the Fort Thomas tragedy, has been refused admission to at least two Indianapolis medical colleges within the past few days. He came here with his father and first made application for admission to the Central Medical college. This was denied. He then applied to the Medical College of Indiana. Here he also failed.

Fred Bryan, brother of the murdered girl, was in Indianapolis yesterday and stated that Wood had been denied admission to a South Side boardinghouse. While young Bryan will not admit it, those who have heard his threats say that he is doubtless on the trail of his cousin, Wood, and that he will give him no chance, in this part of the country, at least.

Emma Ashley Acquitted.

SAN FRANCISCO, Sept. 25.—Miss Emma Ashley, who shot at E. J. Baldwin, the millionaire horseman in court, and narrowly missed killing him, has been acquitted on the ground of temporary insanity. The shooting occurred while the suit of Lillian Ashley against Baldwin for seduction was in progress. Emma Ashley is the plaintiff's sister, and sat behind Baldwin in court and fired a pistol at him at close range. The bullet grazed Baldwin's head, but did no further damage.

His Partner Probably Knows.

CHICAGO, Sept. 25.—There has been no new developments in the disappearance of A. D. Powers, the Cuban relief agent, who is said to have been abducted by Spaniards. What is more, it is not likely that there will be any developments until either Powers turns up or his body is found. The police are not looking for him, and his business partner seems to take the disappearance very coolly.

A Victim of Cocaine.

PERU, Ind., Sept. 25.—Dr. B. R. Graham, who for many years has been one of Peru's foremost physicians, has been adjudged insane, and will be taken to an asylum. He has attempted to use violence on a number of persons. A number of years ago he began to use cocaine to alleviate suffering and became a constant user of the powerful drug. His wife has applied for a divorce.

Went Before the Warrants.

SHELBYVILLE, Ind., Sept. 25.—Warrants have been issued for the arrest of Philip Collins and Ella Shauer of this county, charged with beating Collins' wife almost to death. The Shauer girl lives with the Collins family. She had a quarrel with Mrs. Collins, who was knocked down and held by the Shauer woman, it is alleged, while Collins beat her. Collins and the girl are missing.

Tynan Has Been Demanded.

PARIS, Sept. 25.—United States Ambassador Eustis had a conference yesterday with M. Hanotaux, the minister for foreign affairs, regarding the case of P. J. P. Tynan, the alleged dynamite conspirator, in custody at Boulogne-Sur-Mer. The demand of the British government for extradition has been presented to the French government.

Assets Are in Cuba.

NEW YORK, Sept. 25.—H. Damois & Company, shipping and commission merchants, have made an assignment. Liabilities, \$243,500; nominal assets, \$871,529; actual assets, \$6,766. Nearly all the assets are in Cuba, in possession of either the Spanish army or the insurgents.

Tin Novelty Man Instantly Killed.

RAHWAY, N. J., Sept. 25.—J. C. Sprague, president of the Eustis Manufacturing company, was instantly killed yesterday at the Poplar street railroad crossing by the Philadelphia express. Mr. Sprague is known throughout the country as a manufacturer of tin novelties.

Wealthy Widow Fatally Burned.

FRANKLIN, Ind., Sept. 25.—Mrs. Lulu Kerlin, a wealthy widow, was fatally burned yesterday while sitting in front of a grate. A spark fell upon her clothing. She ran into the street and her dress was completely burned. She is 45 and has a son and two daughters.

Shoe Manufacturers Fail.

BOSTON, Sept. 25.—The National Shoe and Leather Exchange has announced the failure of Burpee, Rumsey & Company, shoe manufacturers of Lynn. Assets and liabilities are not given. The firm did a business of between \$600,000 and \$800,000.

Leg Crushed by Coal.

CARROB, Ind., Sept. 25.—While pulling pillars in Eureka shaft No. 1, yesterday, a large lump of top coal fell upon Ed Buck, crushing his left leg, so that amputation was necessary. Buck is a single man, 22 years old.

Steamship Ashore.

AMSTERDAM, Sept. 25.—A North German Lloyd steamship has been blown on shore on the island of Terschelling in the North sea between Vlieland and Ameland. No details of the accident have been received as yet.

Kicked by a Horse.

FRANKLIN, Ind., Sept. 25.—Newton, the 20-year-old son of W. B. Adams, living near Anity, was kicked in the head by a horse yesterday and had his skull fractured.

COAL CRISIS COMING.

Ohio Miners Must Work For a Reduction or Quit.

REDUCTION IN PRICE OF 20 CENTS.

It Must Be Made to Meet the Reduction Made by the Pittsburg Mines—Railroad Wreck Near Athens—Wages Not Paid Waterworks Builders—Glassworks Starting Up—Other Ohio News.

COLUMBUS, O., Sept. 25.—The Northern Coal Storage company, which takes nearly all the coal from Ohio mines for the northwestern market, has notified the Ohio railroads that after next Tuesday it will take no more coal from Ohio mines unless the price is reduced 20 cents a ton to meet the reduction made by Pittsburg mines.

It is claimed that Pennsylvania coal is worth 20 cents a ton more than Ohio coal, and that difference has been maintained in the general market. Now the Pennsylvania coal has reached exactly the same rate as Ohio coal and Ohio coal can not be sold.

The Ohio operators say that if the Ohio miners will not accept a reduction in wages they will simply have to go out of the business. The situation is critical.

Coach Rolled Down an Embankment.

ATHENS, O., Sept. 25.—In a wreck on the Baltimore and Ohio Southwestern a coach rolled down an embankment, and the following were injured: D. D. Breckinridge, Watertown, O., perhaps fatally; F. D. Hahn, Albany, N. Y., seriously; Dan H. Cornell, Guysville, O., cut about the head.

Wages Not Paid.

NORWALK, O., Sept. 25.—Work on the new waterworks will probably stop. The contractors, it is said, have not paid their men. The contractors have given orders on local merchants, in lieu of money, but the merchants are alarmed, and have begun attachment proceedings.

Furnace Opened.

TIFFIN, O., Sept. 25.—The management of the United States Glass company will start a furnace Monday. Six hundred hands are employed in the full force.

Killed by a Horse.

TIFFIN, O., Sept. 25.—Gottlieb Fritz of McCatchenville died from the kick of a horse.

JAMES F. JOY DEAD.

He Helped to Build the Michigan Central, Wabash, "Q" and Other Roads.

DETROIT, Sept. 25.—Hon. James F. Joy died at his residence here yesterday, after an illness of about three weeks, aged 86. He was largely identified with the construction of the Michigan Central, Wabash, Chicago, Burlington and Quincy and other roads.

Mr. Joy was born in Durham, N. H., Dec. 2, 1810. He graduated from Dartmouth college in 1833, and was admitted to the bar in Boston in 1836, and immediately came west, locating in Detroit. He was a warm personal friend of the late James G. Blaine, and made one of the speeches placing Mr. Blaine in nomination for the presidency in 1884. He was twice married, his first wife being Martha Alger Reed of Yarmouth, Mass., and his second Mary Bourne of Hartford, Conn. Two daughters and three sons survive him.

CHICAGO TRAGEDY.

A Young Wife Kills Her Husband and Then Kills Herself.

CHICAGO, Sept. 25.—Harry M. Conway, 21 years of age, was shot and instantly killed yesterday evening by his wife, Grace Clark Conway, who was only 18 years old. The Conways have been living in Chicago but three months, he coming from Lyons, Ia., and the home of his wife before marriage being at Rockford, Ills.

The couple had frequent quarrels over the attentions paid by Conway to a young woman in Sterling, Neb., and it was during one of these quarrels that the woman killed her husband. She shot herself through the heart immediately after.

BLOW ON THE HEAD.

It May Have Been the Cause of the Indianapolis Tragedy.

INDIANAPOLIS, Sept. 25.—The bodies of Charles Pfeiffer and his wife and babe, who were the victims of his strange insanity at Brightwood, were buried yesterday from St. Francis' Catholic church.

It is said by relatives of Pfeiffer that prior to his marriage, in August, 1895, he was, while riding on an electric car, struck on the head by one of the iron poles between the tracks. He was knocked off the car, and it is thought now that the accident may have caused the temporary insanity with which he was suddenly seized.

Killed by a Train.

PARKERSBURG, W. Va., Sept. 25.—Lee May of Charleston, W. Va., was killed by a Baltimore and Ohio freight train near Kearneysville last night. He leaves a widow and eight children.

Pennsylvania Ex-State Senator Dead.

CLEARFIELD, Pa., Sept. 25.—Ex-State Senator W. W. Betts died at noon yesterday. He was a member of the upper branch of the Pennsylvania Legislature from 1887 until 1890.

THE PEOPLE'S RALLY.

Col. H. H. Eddy, of Colorado, a Free Silver Republican, to Speak at Opera House Monday Night.

Col. H. H. Eddy, of Colorado, a free silver Republican, will address the people of Maysville and surrounding country at the opera house, Maysville, next Monday night, September 28th, at 8 p. m., under the auspices of the Bryan, Sewall and Thomas Club of Maysville.

Col. Eddy is an eloquent orator and a fine man generally, and it will pay all to hear him on the *supreme issue* of the campaign, the FINANCIAL QUESTION.

Everybody, regardless of past party affiliation, cordially invited. Seats will be provided for ladies who desire to attend the meeting.

DEAR money paralyzes industry, diminishes production, stifles trade, causes hard times.—Columbian.

EVERY farmer, Republican, Democrat, Populist and Prohibitionist, who is satisfied with the existing state of affairs and present prices of products, is invited to vote for Major McKinley.

FREE coinage would benefit the farmer in every way, asserts a writer. It would restore a normal value to their crops, it would restore a normal value to their land, and it would restore a normal value to their debts.

ASHLAND, Ky., Sept. 24.—The Chesapeake and Ohio railway employees will be paid off in gold to-day by the paymaster making his usual monthly run over the road. This is simply to show the men that there is still a little of the yellow metal on this side of the Atlantic.

Paying workmen with gold is such an unusual occurrence that is deemed worthy of special notice in the newspapers.

MANY readers will remember old Jehu Baker, Republican, from Illinois, who ran against Colonel Morrison some years ago, and to aid whose election John Jarrett and others of the professional labor politicians of Pittsburg were sent into the Morrison district. Well, Jehu is running for Congress again in the same district, but this time as the Democratic free silver candidate. The old man is still full of fire and is said to be making things lively for the gold bugs.

FARMERS THE FOUNDATION OF OUR PROSPERITY.

Mr. Bryan, in one of his many excellent speeches, said:

"You can take the roof off of a house and not destroy it; but remove the foundation and the house must fall. The farmers are the foundation of American independence and American prosperity. This class of people in 1860 owned seven of the sixteen billions of wealth. In 1890, while the wealth had increased from sixteen to sixty-four billions or five-fold, the farmer's share in it had decreased to fifteen billions and of this one-third was under mortgage. Is not a system of finances that destroys the wealth of the wealth producers, a system that undermines the foundation and which, if persisted in, will cause the destruction of the entire structure? Think of it—\$5,000,000,000 of farm mortgages—with money growing scarcer and products less valuable each year, while taxes and fixed charges remain unchanged, or increasing.

WHY INDUSTRIES ARE PROSTRATED.

In order to be able to buy, one must have something to sell—labor or its products. If a man earns but 50 cents a day, he cannot buy what another produces at \$2 a day. He can only buy a fourth part of it. It is doubtful if, at present prices of farm products, the entire agricultural classes—7,000,000 families—earn, on the average, more than 50 cents a day for each laborer. They can, then, only buy at that rate. That is the chief reason just now why other industries are so prostrated. Farmers get so little for what they produce they cannot buy what others produce.—A. J. Warner.

A SLIGHT DISCREPANCY.

The Ledger had a "special" Thursday stating that Judge Thomas and W. C. Halbert spoke to a crowd of 1,500 at Augusta Tuesday night. A special to the Louisville Commercial says the crowd numbered "six or seven hundred." Both are Republican papers. "You pays your money and takes your choice."

PRINCE BISMARCK FAVORS SILVER.

The United States Must Take the Initiative in Blazing the Way to Bimetallism. Words of Wisdom From the Iron Chancellor.

DALLAS, TEXAS, September 20.—In a speech here Governor Culberson read the following significant correspondence between himself and Prince Bismarck on the money question:

"Prince Bismarck—Sir: The great question of finance is now of supreme interest to the people of the United States. It is presented in various forms, but, in a general way, it may be said to be, first, whether the United States shall adopt the single gold standard; or, second, whether they shall adopt bimetallism with both gold and silver as the standard or primary money. The argument in favor of each is well known to you, but it is particularly insisted that we should adopt the policy of bimetallism because the supply of gold in the world for coinage is insufficient to meet the demand, and because such a standard will still further depress the values of all property.

"Which, in your judgment, is the best policy to adopt, the gold standard or bimetallism, giving your reasons?"

"What effect, in your judgment, will the immediate adoption of bimetallism by the United States have on the cause of bimetallism in Germany and other great commercial nations?"

"C. A. CULBERSON, Governor of Texas."

In reply Prince Bismarck said:

"FRIEDRICHENBURG, August 21st, 1896.

"Honored Sir: Your esteemed favor has been duly received. I hold that this is the very hour that would be advisable to bring about between the nations chiefly engaged in the world's commerce a mutual agreement in favor of the establishment of bimetallism. The United States are freer by far in their movements than any nation of Europe, and hence, if the people of the United States should find it compatible with their interests to take independent action in the direction of bimetallism, I can not but believe that such action would exert a most salutary influence upon the consummation of international agreement. BISMARCK."

When any part of the body isn't doing the work that nature intends it to do, it puts the whole system out of tune—out of harmony. Sickness in one part of the body is likely to run in all parts of the body. When children stand a row of brick on end, they knock the whole row down by upsetting one brick. That is exactly what happens to the health when the bowels fail to perform their proper function. Constipation makes trouble all along the line—puts the liver out of order, is bad for the kidneys—bad for the stomach. It holds in the body poisonous matter, because it cannot go any place else, it gets into the blood. The blood carries it all over the system. That makes sluggishness, lassitude, bad breath and foul taste in the month, fills the stomach with gas and causes windy belching, stops digestion in the stomach, causes sour stomach, heartburn and headache. You can avoid all such trouble, for Dr. Pierce's Pleasant Pellets cure constipation and its attendant evils. Send 21 cents in one-cent stamps to Dr. R. V. Pierce, Buffalo, N. Y., for his "Medical Adviser." It is a book of 1008 pages, profusely illustrated.

Mothers

Anxiously watch declining health of their daughters. So many are cut off by consumption in early years that there is real cause for anxiety. In the early stages, when not beyond the reach of medicine, Hood's Sarsaparilla will restore the quality and quantity of the blood and thus give good health. Read the following letter:

"It is but just to write about my daughter Cora, aged 19. She was completely run down, declining, had that tired feeling, and friends said she would not live over three months. She had a bad

Cough

and nothing seemed to do her any good. I happened to read about Hood's Sarsaparilla and had her give it a trial. From the very first dose she began to get better. After taking a few bottles she was completely cured and her health has been the best ever since." Mrs. ADDIE PECK, 12 Railroad Place, Amsterdam, N. Y.

"I will say that my mother has not stated my case in as strong words as I would have done. Hood's Sarsaparilla has truly cured me and I am now well." CORA PECK, Amsterdam, N. Y.

LABOR ORGANIZATIONS.

They Made a Great Demonstration For Bryan at Brooklyn Wednesday Night.

[Louisville Commercial, Rep.]

NEW YORK, September 23.—There has, perhaps, never been such a demonstration for William Jennings Bryan in the East as that given to-night in Brooklyn by the combined labor interests. It has been a mooted question whether the labor people of the East would respond to a call for a mass meeting in favor of Mr. Bryan, but there was no mistake about the demonstration at the Clermont rink.

The capacity of the building was estimated at 8,000 and every available corner was filled with good-natured humanity, while thousands besieged the doors and were refused admission. It was a typical labor gathering, and even the women and children present were filled with the enthusiasm of the occasion. It was also a meeting far out of the ordinary in its method of procedure.

Instead of the formal introduction nominating a presiding officer, a clean-cut man with gray hair stepped to the front of the platform shortly before 8 o'clock and said: "Will the audience please take from their seats the song that is there and join in singing it?" and they responded so heartily that the refrain, "You shall not press the crown of thorns upon the toilers' brow," rang against the unpainted rafters and echoed again and again, and when it was finished a mighty cheer went up. And so it was throughout the meeting; and while they were awaiting the arrival of Mr. Bryan, who was speaking at another place, they listened to several speakers.

The meeting was presided over entirely by labor organizations, and the stage contained a representative from each local labor organization.

When the meeting was called to order every aisle and each corridor was crowded.

EUROPEAN BANKERS

Asked to Contribute to the Republican Corruption Fund—What Think You, Honest Americans, of This?

NEW YORK, Sept. 20.—Henry George, discussing the political outlook in the Journal to-day, says:

"Here is a definite statement from a reliable source, which shows that the raising of money for the Republican side of this campaign is not confined to syndicates, trusts, corporations and capitalists of this side of the Atlantic. An American character, writing from abroad under date of August 23, 1896, says:

"I have seen that a subscription has been opened at Monroe & Co., bankers, Paris, for what is called the 'honest money' campaign fund, which means that money is being collected in Europe to influence the American elections. I have seen an appeal for this fund put in the following language:

"The main point is to realize your danger and to subscribe quickly and liberally. Remember that only sixty days remain in which earnest work can be done."

"With bond syndicates and railroads and pools and trusts and corporations of all sorts to draw on at home, even the political daughter of the House Leech might be satisfied without going abroad. But McKinley is to be elected if money can do it."

SEVERAL large suits have been filed by the city of Louisville against various corporations for franchise taxes. The largest suit is that against the Louisville Railway Company for \$37,705.75. It is for franchise tax for the year 1895. The Louisville Bridge Company will also be sued for \$11,000 the Louisville and Jefferson Bridge Company for \$4,000, the Citizens' General Electric Light Company for \$3,000 and the Kentucky and Indiana Bridge Company for \$11,000, all for franchise taxes for 1895.

STEPHEN A. DOUGLAS, Jr., of Illinois, will speak at the opera house Saturday evening at 7:30 for McKinley.

FRANKFORT Democrat: "As long as General Buckner owned property in Chicago and paid taxes on it he was in favor of free silver, but when he sold it and invested the proceeds (\$500,000) in government bonds, on which he pays no taxes, he became a gold bug. If you will inquire carefully you will find a large majority of the gold bugs are bond-holders or controlled by bond-holders."

If affirming the case of Grover versus Wilson, from this county, the Court of Appeals says:

1. Where one is a member of firm and buys land for himself at Commissioners sale and executes bond and surety for the purchase price, and draws out from the firm money with which to pay off the bonds when there was in fact at that time nothing coming to him from the firm upon a settlement, the other member of the firm has no right to be subrogated to the lien on the land held by the payee in the bonds.

THE CAMPAIGN.

Hon. W. A. Byron to Address the Bryan Club of Germantown To-morrow Night—Other Announcements.

Hon. W. A. Byron, of Brooksville, will address the Bryan club of Germantown to-morrow night. As is well known Mr. Byron has been one of the Republican leaders in Bracken County for years, but recently came out for Bryan and free coinage. It is on the invitation of Mr. J. R. Humlong, President of the Germantown club, that Mr. Byron will speak there to-morrow night. In his letter to Mr. Humlong accepting the invitation Mr. Byron says:

From the tone and tenor of your letter I can readily see that you are fully capable of knowing what one feels when he is called on by his convictions of what is right, to break the ties that bind him to party and all that close party affiliations mean. I had almost concluded that there were none, who had never had the actual experience, who knows just how hard it is to break away from party ties; but since I have read your letter I have changed my mind and now realize among the intelligent at least I will not be looked upon as a common deserter without cause. To those who know me best it is, I think, unnecessary to say that I had no mercenary motive in taking the step I did. In declaring for Mr. Bryan I only did that which every honest man, be he Republican or Democrat, if he saw the issue as I see it, would do.

The people of Germantown and surrounding country are invited to hear Mr. Byron.

Campaign Chairman C. Burgess Taylor announces that there will be public speaking at the places named, as follows:

Charleston Bottom school house, Friday, September 25th; George W. Sulser, Orangeburg, Saturday, September 26th; Charles D. Newell.

Oak Woods school house, Saturday, September 26th; Allan D. Cole.

Plumville, Friday, September 25th; Thomas Slattery.

Fern Leaf, Saturday, September 26th, John L. Chamberlain.

The meetings at all these points will commence at 7 p. m. The public cordially invited.

Colonel H. H. Eddy, a free silver Republican, will speak at the opera house, this city, next Monday night at 8 o'clock under auspices of the Bryan club. Everybody invited.

Messrs. Geo. W. Sulser and John L. Chamberlain addressed an enthusiastic crowd at the first school house on the Clark's Run pike last night.

Master Commissioner James N. Kehoe will address the people of Fleming County at Flemingsburg Saturday, October 3rd, at 2 o'clock p. m.

Catlettsburg Democrat: "At Louisa, Monday afternoon, Col. W. LaRue Thomas and Sam J. Pugh addressed an immense crowd on the prevailing issues. While many Republicans were present, yet at least three-fourths of the crowd were Democrats. In the debate, Mr. Thomas, as he always does, had everything his way, Mr. Pugh being entirely outclassed. Mr. Thomas made seven speeches in Lawrence County and is booked for six in Carter this week. He is making a most complete canvass of the territory and there is no longer any question of his being elected."

STATE COMMISSIONER OF AGRICULTURE Lucas Moore is overwhelmed with inquiries for wheat. He wishes it announced that the seed wheat was all distributed from Louisville and there is no more on hand. No more requests can now be honored.

The residence of Mr. R. C. Bland at Washington was entered by a thief one night this week, but the fellow was scared off before he had taken much. He, however, made off with Mr. Bland's pants, but there was only a small amount of change in the pockets.

FLEMINGSBURG Times-Democrat: "Services at the Christian Church still in progress with growing attendance and interest. Eight converts were immersed in Fleming Creek Wednesday afternoon. Elder Tinder is an earnest preacher and while he preaches the doctrines of his church he is not one of those who indulge in offensive allusions to those who are trying to serve God in other churches."

U. B. F. Pic-nic.

The United Brethren of Friendship are having a big pic-nic at the hall park in Sixth ward to-day. Grand Master W. A. Gaines, of Covington, speaks at 3 o'clock. There will be a prize drill for \$50 this afternoon by divisions from Winchester, Covington and Walnut Hills.

MAYSVILLE SPECIALLY FAVORED.

Rev. B. Fay Mills Will Lecture at Only Two Other Cities in Kentucky. Y. M. C. A. Notes.

Rev. B. Fay Mills has written the local association to the effect that he begins his special lecture tour this week, speaking only at three important points in New York State, and then coming direct to Maysville via Cincinnati on Wednesday next, in time to give his lecture here on "What Must Society Do to be Saved." The lecture will be at 8 o'clock in Washington Opera House.

Mr. Mills will lecture in this State at only two other points, namely at Lexington on Thursday and at Louisville on Friday, in each instance under the auspices of the Y. M. C. A. The citizens of Maysville ought to regard his coming to this city and his lecture as an event of exceptional interest, and a speaker of such unusual prominence certainly ought to be greeted with a large audience.

Tickets on sale at Nelson's.

The Executive Committee will meet at the Y. M. C. Association Hall this afternoon at 4 o'clock, to discuss the matter of needed furnishings for new associations quarters.

Rev. D. D. Chapin will speak on "Manliness" at the men's rally in the Young Men's Christian Association room Sunday afternoon. The opening song service will begin at 3 o'clock, and all men, young and old, are invited to come in and join in the singing, and enjoy an interesting address.

MRS. J. W. STILLWELL.

Death in Missouri of a Daughter of the Late Mr. and Mrs. Andrew Wood.

Word has been received by relatives in the county of the death of Mrs. J. W. Stillwell at her home near Louisiana, Missouri, on Sunday, September 20th. She had for many months been a great sufferer, and was taken much worse the Thursday preceding, remaining unconscious until her death.

Mrs. Stillwell will be remembered as Miss Lizzie Wood, the eldest daughter of the late Mr. and Mrs. Andrew Wood of this county, and granddaughter of the late Mr. Robert Humphreys. She was married some twenty-five years ago to Mr. J. W. Stillwell, of Hannibal, Mo., and had since made her home in that State.

She leaves three children, who, with her husband and relatives in this county, have the kindest sympathies of friends here and elsewhere. The interment was at Hannibal, her old home.

WASHINGTON'S GAS WELL.

A Much Stronger Flow Struck Thursday An Exciting Time Last Night.

Thursday at a depth of 385 feet at the artesian well in Washington, a much stronger flow and pressure of gas was met than had been before encountered.

Last night piping was attached and the gas was set fire. It did finely, and was much admired until the attempt was made to extinguish it, when in some way it caught fire at the mouth of the well, and there was the hardest kind of work to save the mill from destruction.

The blaze was some sixteen feet in height and twenty-five in circumference. Water, wet blankets and other things were tried on it, but without avail, when a large tarpaulin was finally brought and being wet, the flames was smothered out with it.

It took the work of some fifty men, and determined ones at that, to get the fire under control.

The first quarterly conference for this year at Mitchell Chapel, Sixth ward, will be held to-night (Friday) in that house of worship. Services at 6:45 o'clock, conducted by Presiding Elder D. W. Robertson, assisted by the new pastor, Rev. H. W. Darlington.

FRANKFORT Oddfellows are completing arrangements for the annual meeting of the Grand Lodge of Kentucky in October. Gov. Bradley has been selected to deliver the principal address of welcome. He will be followed by Mayor Julian on behalf of the city of Frankfort and by Messrs. R. B. Franklin and Thos. B. Forde on behalf of the lodges of the city.

In speaking of the Bryan meeting in this city the Georgetown News-Democrat says: "A noticeable feature of the gathering was the large number of Ohio farmers present and their abiding faith in the triumph of silver in their State. Claims made by them are simply astonishing; one went so far as to say that between his home and Georgetown, a distance of four miles, but one single gold standard man could be found."

An Ex-Maysvillian.

Cincinnati Post: "Charles Hanauer, of bicycle fame, and Dr. Stella Hunt, of like renown among the 'bikers,' were married Wednesday evening. They will spend their honeymoon on their tandem, and will cover the following route a wheel: Cincinnati to Lexington, thence to Louisville, to St. Louis, then to Kansas City and Denver, and return. The trip will occupy four weeks."

Mr. Hanauer and bride were in Maysville Thursday, and called on Mr. and Mrs. J. T. Kackley. They went from here to Lexington. By the way, Mr. Hanauer is an old Maysville boy, having lived here when quite young. He thought this a good place to start on his trip.

ARMENIAN SOCIETIES IN PARIS.

They Aim to Ruin the Ottoman Empire and Force the Powers to Intervene.

PARIS, Sept. 25.—A dispatch from Constantinople says that Armenian revolutionary societies now existing there are five in number. The members of these societies, the dispatch asserts, are bound by solemn oaths to bring about the ruin of the Ottoman empire and to force the European powers to intervene in Turkey.

The organizations receive their orders from a secret central committee. The demonstration against the porte in 1895 and the recent attack upon the Ottoman bank by Armenians devolved upon the Hintchak and Frochak societies, respectively and three other revolutionary organizations will not successively to accomplish the results at which they aim.

Could Easily Have Been Planted.

NEW YORK, Sept. 25.—A special to the Herald from Constantinople says: The following fresh discoveries have been made in an Armenian church near the Ecole Centrale at Galata: Three bottles of nitrate acid, two bottles of sulphuric acid, 14 pounds of glycerine, two vessels for the manufacture of explosives, some printing type and some threatening letters.

Extending Aid to the Armenians.

SAN FRANCISCO, Sept. 25.—The South sea missionary schooner Evaneila is reported to have foundered at sea in longitude 147 degrees west, latitude 14 degrees 30 minutes south, July 26. The news was received in advices brought by the Tahiti brig Tropic Bird. The Evaneila was sailing between Pomoto and Tahiti, when she was caught in a storm which so strained her that her seams opened and she filled and sunk.

Captain McGrath, the cook, and several missionaries who were on board, took to the small boats, none too soon to save themselves from being carried down with the wreck. After drifting about for two hours they were picked up by a southbound vessel and landed safely on the island of Tahiti. The Evaneila was built on this coast not long ago. It cost about \$40,000 to construct her and fit her out.

Mine Owner Missing.

CHICAGO, Sept. 25.—George S. Newman, a wealthy mine owner of Leadville, Colo., has disappeared, and the police have been asked to assist in finding him. Saturday morning he left the residence of his sister, Mrs. O. R. Hall, promising to return at 11 o'clock. He did not come back, and since he left the house no trace of him has been found. It was at first thought that he might have returned to Leadville, but telegrams from that city say that nothing has been seen of him there.

Plague Carrying Off Hundreds.

BOMBAY, Sept. 25.—A serious outbreak of bubonic plague has occurred here, 300 deaths having already occurred. The bacillus of the disease is identical with that which Professor Kitasato, the distinguished Japanese physician, discovered during the Hong-Kong visitation last year.

Gladness Comes

With a better understanding of the transient nature of the many physical ills which vanish before proper efforts—gentle efforts—pleasant efforts—rightly directed. There is comfort in the knowledge that so many forms of sickness are not due to any actual disease, but simply to a constipated condition of the system, which the pleasant family laxative, Syrup of Figs, promptly removes. That is why it is the only remedy with millions of families, and is everywhere esteemed so highly by all who value good health. Its beneficial effects are due to the fact, that it is the one remedy which promotes internal cleanliness, without debilitating the organs on which it acts. It is therefore all important, in order to get its beneficial effects, to note when you purchase, that you have the genuine article, which is manufactured by the California Fig Syrup Co. only, and sold by all reputable druggists.

If in the enjoyment of good health, and the system is regular, then laxatives or other remedies are not needed. If afflicted with any actual disease, one may be commended to the most skillful physicians, but if in need of a laxative, then one should have the best, and with the well-informed everywhere, Syrup of Figs stands highest and is most largely used and gives most general satisfaction.

ASSIGNEE'S SALE.

In obedience to a judgment and order of sale of the Mason County Court, rendered September 7th, 1896, in the matter of Joseph F. Walton assigned to Charles T. Calvert, for benefit of creditors, I shall on
